

Sinclair's actions in deciding to run what is essentially a one hour ad for Bush is outrageous and is a gross misuse of public airwaves. Where is the public interest being served when only one partisan view is upheld and the local stations are forced to air programs which violate the equal access. Further, this is probably a violation of federal election rules.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
